Sixth Leadership and Professional Skills Course for Early Career Psychiatrists

The Leadership and Professional Skills course for Early Career Mental Health Professionals at the National Institute of Mental Health and Neuro Sciences (NIMHANS), Bangalore is an educational activity for early career psychiatrists and other mental health professionals held under the auspices of the Dr Ramachandra N Moorthy Foundation for Mental Health and Neurological Sciences at NIMHANS – created through a generous donation by Dr Ramachandra N Moorthy, an Indian born Canadian psychiatrist from Vancouver, Canada.

The Inaugural Leadership and Professional skills course was held in December 2012 and since then these are being conducted very year. The participants in the first and the second Leadership and Professional Skills courses for early career were from India while the subsequent courses, included participants from the SAARC & neighbouring countries.

The courses were organized in collaboration with the Association for the Improvement of Mental Health Programs, Geneva, of which Professor Norman Sartorius, is the President. The Sixth Leadership and Professional Skills course for early career psychiatrists will be held from 1st to 3rd of **February 2018**, at NIMHANS, Bangalore, India, and will again include participants from SAARC and other neighbouring Countries.

Aims of the Workshop:

The Leadership and Professional Skills Course will bring together a small group (16) of promising early career psychiatrists from SAARC and neighbouring countries, selected through an open, international selection process. The Course will aim to inspire and encourage the young Psychiatrists from the SAARC and neighbouring countries to use their talent and capacity to the full in their work and to take up leadership roles in finding solutions to their country's mental health problems in a variety of ways and in various settings through the government, NGO and private sector, as well as in their

academic, research, training activities. The Course will aim to enable participants to use professional skills, for example, those useful in communication in clinical work, teaching and in relation to mass media and those helpful in the organisation and management of services through individualised and group skill building training

During the course, which will be highly interactive, the participants will be expected to make a brief presentation (of 8 minutes) on a topic of their choice and to bring along a poster on a topic of their choice.
