REGISTRATIONS OPENING SOON

About the Conference:

The 2nd National Conference, MHECON 2019 - '**Reporting Mental Health in Media: Words Matter**' will be held on 23rd February 2019. The conference is organized by Department of Mental Health Education, NIMHANS and supported by the Dr R. N. Moorthy Foundation.

MHECON 2019, “Reporting Mental Health in Media: Words Matter” will focus on training mental health professionals in using the media to appropriately portray individuals with mental illness.

This inclusive dialogue would enable mental health professionals to change public misconceptions, challenge myths, reduce stigma and discrimination, encourage people in distress to seek help, and promote hope by being an effective spokesperson on Mental Health.

The conference will concentrate on different types of media assessed and approached by masses such as Print media, Social Media, and Cinema. We look forward to having unique and insightful sessions by a panel of leading experts from the fields of mental health and media on the theme.

We are happy to invite you to be a part of this one-day conference scheduled on 23rd February 2019 at Seminar Hall, 4th floor, Dr MV Govindaswamy Centre, NIMHANS, Bengaluru.

The details for the registration will be updated here soon.
