PERSONAL DETAIL

Work address Assistant Professor,

Department of Neurology

National Institute of Mental Health and Neurosciences (NIMHANS)

Hosur Road, Bangalore, India - 571428

CAREER OBJECTIVE

I am working as Assistant Professor of Neurology in National Institute of Mental Health and Neurosciences (Institute of National Importance) after finishing my 1-year post-doctoral fellowship in movement disorders from prestigious NIMHANS, Bangalore.

My field of interests are movement disorders, deep brain stimulation, neuro-infections and neurogenetics.

ACADEMIC COURSES AND TRAINING

• **P.D.F in Movement disorders.** NIMHANS, Bengaluru, India. (2017 -2018).

• **DM in Neurology.** KGMU, Lucknow, India. (2013 -2016).

• **MD** in Internal Medicine UCMS & GTBH New Delhi, India. (2010 –2013)

• MBBS VIMS, Bellary, India. (2003-2009)

CAREER SUMMARY

- Post-doctoral fellowship in Movement disorders
 - Did 1-year post-doctoral fellowship course in Movement disorders from prestigious NIMHANS, Bengaluru which is an institute of national importance.
 - O During that time, I have seen around 1000 out-patients and cared for more than 350 in-patients of various movement disorders (directly as well as under supervision).
 - O Have been trained and experienced in Botulinum toxin injections (including EMG guided) for blepharospasm, hemifacial spasm, oromandibular dystonia, cervical dystonia, writer's cramp, and sialorrhea. Have either observed or involved in around 180 botulinum toxin injection procedures.
 - o I was involved in evaluation, planning, peri-surgical assessment and post-surgical management of 18 patients who underwent Deep brain stimulation surgeries for various etiologies (13 Parkinson's disease, 4 Dystonia and 1 Essential tremor).
 - Also involved in pre-surgical evaluation, planning, peri-surgical assessment of 6 cases of lesioning surgeries (tremor and dystonia).
 - o Did two clinical studies which is under process of submission.
 - o Non motor symptoms in PD and PSP
 - o Knowledge regarding PD in patients of PD and their caregivers.

PAPERS AND PRESENTATIONS

- Presented paper on Non-motor symptoms in patients with Parkinson's disease: effect of gender, disease severity, and disease phenotype in MDS congress, 2019 held in Nice, France.
- Presented paper on Comparative study of non-motor symptoms in patients with Progressive Supranuclear Palsy and age, gender, duration of illness matched patients with Parkinson's disease in MDS Congress, 2018 held in Hong Kong.
- Participated as a faculty and presented **grand rounds on evaluation of a patient with gait disorders** in 5th Bangalore neuro update, 2018 held in Bangalore.
